

Tepnel Scientific Services Ltd

Quality Policy Statement

It is the policy of Tepnel Scientific Services Ltd to achieve and maintain the highest standards of quality and service in all aspects of work carried out. Tepnel recognises that client satisfaction is essential for the continued success of the company and for the personal development and job satisfaction of its employees.

Tepnel Scientific Services Ltd is fully committed to operating a GxP system which is wholly and continuously compliant with current Good Manufacturing Practices (cGMP) relevant to pharmaceutical testing laboratories and Good Laboratory Practice (GLP) accreditation as defined in the relevant statutory instruments.

All personnel will remain knowledgeable with the requirements of the quality management system that are relevant to their jobs and comply with the policies laid down in the Tepnel Scientific Services Ltd Quality Manual and associated documentation.

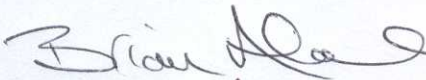

Tepnel Scientific Services Ltd personnel are responsible for the quality of their work.

The Executive Management Team are ultimately responsible for implementing the quality policy by means of the quality management system.

The Quality Assurance Department is responsible for monitoring and directing the quality of Tepnel Scientific Services Ltd scientific operations and for advising management on current quality standards and practices.

Tepnel Scientific Services Ltd is committed to a policy of continuous quality improvement and monitoring the quality of performance.
